

2009/10 - PATROL REVIEW

Agenda

This review is to consider what was good and what needs improving when we patrol Chelsea beach. The items included on this agenda are deliberately broad so that we don't miss anything you might be thinking about which could help improve the service our club delivers.

Anyone who is an active patrolling member (especially if you are a brand new patrolling member) is welcome to attend or forward their thoughts to Jacquie via email:

jacnboyz@bigpond.com

Please have a think on each area with a view of:

- What was good or what needs improvement
- Why was it good or why does it need improvement
- How can we make it better (actions for 2010/11 patrol season)

The review will be held at the Club – TUESDAY 1st JUNE – 6 til 7pm

Look forward to seeing as many as possible

Broad Agenda Topics include:

1. People and Teams
2. Protocols and Practice
3. Equipment
4. General Business
5. Wrap up
